

What's Happening This Week at Resurrection ~ June 16—20

- A reminder that hot lunches are now finished for the year. Please remember to pack lunches on Tuesday's and Thursday's for the remaining two weeks of school.

- We may have a few hot and humid days next week. We will monitor the humidex each day and follow the board's Extreme Weather Policy (200.45). The policy does state that:

In an extremely high Humidex reading (over 40), schools will reduce or possibly eliminate all unnecessary physical activity. If the reading is in the mid to high 30s, the school administration will monitor and use discretion when permitting outdoor activity considering age, health, available shade, appropriate dress of students etc. When the UV index is high, schools may reduce time outside in the sun, particularly between 11:00 a.m. and 4:00 p.m. depending on local factors (age, time of day, availability of shade, appropriate dress of students). Parents should plan appropriately and send students with broad-brimmed hat, a shirt with long sleeves, and sunglasses.

- All library books should be returned to the school. Please have a look around your house for any books belonging to the school library.
- Moving?? - Any families planning on moving during the summer are asked to contact the office through email to Mrs. DeDominicis (mdedominicis@bhncdsb.ca) and Mrs. Murphy (amurphy@bhncdsb.ca). It helps us with planning for next year.

MONDAY, JUNE 16, 2025 — Day 4 	- Anything But A Backpack Day— means that kids bring their school stuff for the day in literally anything but their backpack. Be creative and have fun.
TUESDAY, JUNE 17, 2025 — Day 5	- No Hot Lunch
